

INRAYPARTS

EQUINE SOLUTIONS

InRayParts is proud to be able to package a Poskom Vet 20BT with a RadMediX Acuity 10x12 DR Panel to offer you a complete veterinary imaging package.

ACUITY 10×12 DR PANEL

The Acuity 1012 DR offers the industry's highest resolution DR panel available.

Unlike industry competitors using a 3-piece construction, Radmedix uses a uni-body construction for the durability and being the “work horse” in superior equine imaging.

- 10×12 Wireless
- Direct Deposited CSI
- Resolution – 3,072 x 3,840
